

DISGUISE

RELEASED MAY 2011

www.omatter.com

Like the perfect pair of jeans, Oakley DISGUISE™ has curves in all the right places. The high wrap design contours around the face, so you'll have optimized peripheral vision, even on days when you feel like going incognito. The rounded rectangular frame is flattering and oh-so-versatile, making Oakley Disguise the glasses you'll reach for every single day.

Handmade acetate frames in custom colors are yours with Oakley DISGUISE. This frame offers the comfort of Oakley's Three-Point Fit that holds lenses in precise optical alignment and the performance of our PLUTONITE® lens material that filters out 100% of UVA / UVB / UVC & harmful blue light up to 400nm. Your eyes will be really happy with optimized peripheral vision and side protection of 8.75 base lens curvature and optical precision and impact resistance that meets Oakley's stringent standards.
