

# MISS CONDUCT SQUARED

RELEASED MAY 2011

www.omatter.com

For the athlete who demands performance, plays by her own rules, and loves sequels, we offer up the new MISS CONDUCT™ SQUARED. Updated with a squared-off shape, these rimless toric shield glasses truly shield you from the elements. So audacious, so lightweight, MISS CONDUCT SQUARED might even be more popular than the original.

Open up the exclusive women's eyewear case and you'll find durable, lightweight glasses with stress-resistant O MATTER® stems.

Comfort-wise, MISS CONDUCT SQUARED is hard to beat with UN-OBTAINIUM® nose pads and a Three-Point Fit that holds lenses in precise optical alignment. And they're built to last, with impact resistance and optical precision that meet or exceed Z87.1.
