

PAPERCLIP

RELEASED MAY 2011

www.omatter.com

Sport fueled and street primed, this lifestyle frame of lightweight C5™ alloy lets you change your look and even carry the colors of your favorite team. PAPERCLIP™ comes with two sets of interchangeable icon/earstem inserts, and with a different color on each facing, they let you customize the frame with four different hues. The frame contour extends peripheral view while the UNOBTAINIUM® inserts maintain a comfortable fit that stays in place.

Right out of the box, you'll have four different color options for the interchangeable icons and earstem inserts, and you can get additional optional sets with even more colors. PAPERCLIP is available in two sizes. Now that you've found style that speaks to you, match it with the best optics by rigging PAPERCLIP with Oakley Authentic Prescription Lenses.
