

WIND JACKET

RELEASED MAY 2011

www.omatter.com

Wind Jacket™ is a special rendition of our renowned Split Jacket™ sunglass. We engineered Wind Jacket with snap-in gaskets for a protective seal and added a removable strap for a secure fit. Originally designed with motorcycle riders in mind, the removable gasket minimizes air flow across your eyes at high speeds. Complete with Switchlock™ Technology for quick and easy lens changing, This interchangeable lens design is essential gear for any life with high velocity.

Choose tinted lenses for maximized vision during the day, and when the sun sinks, install our included clear lenses. All lenses are optimized with Hydrophobic/Oleophobic technology that repels dust and helps maintain a smudge resistant barrier against oils while preventing water from leaving streaks and sheens.
