RELEASED SEPTEMBER 2011

When you're ready for a new look, just rotate the icons and earsocks of TUMBLEWEED™ to change their color. The design revolution is a new twist on originality, and it comes with the comfort of a lightweight C5™ alloy frame that puts a fresh look at your fingertips.

The icons and earsocks of TUMBLEWEED have a different color on each facing. With two colors at the ready, a simple twist is all it takes to change your look. TUMBLEWEED'S C5 alloy frame is insanely durable, so no worries there. It allowed us to create the unique sculptural accents that put this frame in a class of its own. So if you want a versatile way to personalize your look and keep the style meter pegged on fresh, this is it. Combine it with Oakley Authentic Prescription Lenses for the ultimate in clarity. TUMBLEWEED comes with a collection-specific case.
