

# RHINOCHASER

RELEASED SEPTEMBER 2011

**OAKLEY**

If you hunger for a taste of rippable waves, RHINOCHASER™ wets your appetite with surf-inspired style. This semi-rimless frame of lightweight C5™ alloy carries the surfboard salute of a color stringer along each temple, and flexible MONO SHOCK™ hinges make it a champion of comfort.

RHINOCHASER balances the fulcrum between clean sophistication and self expression with a dose of surf attitude. Christened with the nickname of a longboard, it has paint inlays that pay respect to the wood stringers of classic surfboards. With the semi-rimless design, there's no lower rim to block your downward view. We jacketed the stems with UNOBTAINIUM® to increase grip with perspiration. Match this unique creation with Oakley Authentic Prescription Lenses. A collection-specific case is included.

"We started looking at surfboards, and realized how beautiful the surfboard is. It has a form that follows function, and I thought it would be awesome to incorporate the silhouette to the stems of this frame."
